We Simplify Healthcare Payments

Provider Solution Suite

Get Paid Faster by Offering Your Patients Easy, Flexible Payment Options

Offer Online Bill Pay

Give your patients the ability to easily pay online without having to create an account.

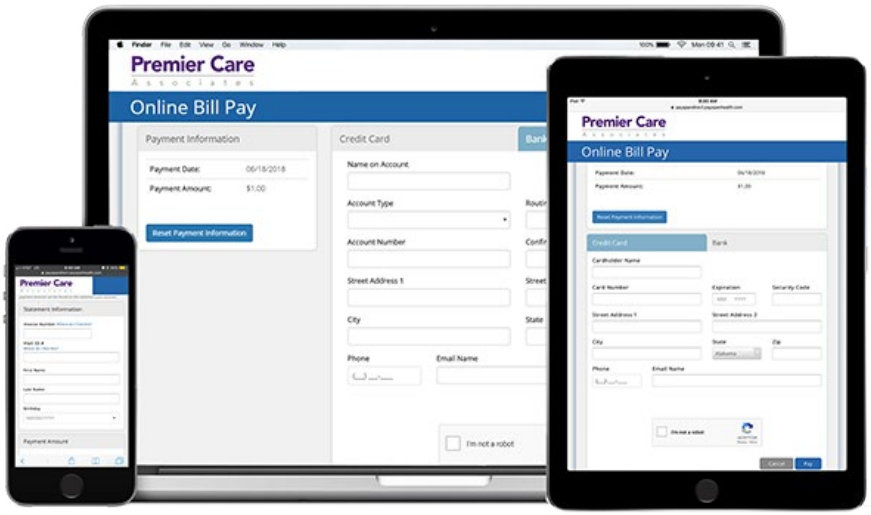

Set Up Payment Plans

Support your patients with tight budgets by enabling them to pay over a set period of time.

Generate Transaction Reports

Empower your staff to manage payment transactions and keep up-to-date records.

Payspan's PCI-compliant payment solutions enable your patients to pay online or choose from multiple payment options at the point of sale. With 1.3 million provider payees registered to receive electronic payments on our secure network, we specifically tailor the software for medical practices.

- Offer your patients the ability to pay via ACH bank withdrawal or credit, debit or HSA/FSA card
- Store your patients' credit card information for future payments
- Enable patients to set up recurring payments weekly or monthly
- Preauthorize future payments for outstanding balances
- Seamlessly reconcile payments to patient accounts

With Payspan's help, you can easily and affordably help your patients cope with their growing healthcare cost burden. By making it easier for your patients to pay, you increase payment collections and reduce the time it takes to collect.

Satisfied Patients More Likely to Pay

74% are more likely to pay in full if they have a positive payment experience[1]

87% want convenient payment options to have a positive billing experience[2]

95% would make payments online if offered the option by their providers[3]

Provider Solution Suite Delivers Positive Payment Experiences

Now that patients are responsible for a rapidly growing percentage of the healthcare costs, it's not surprising that many are struggling to make their payments.

Smart providers are already implementing solutions designed to provide a more satisfying experience at the front end of the revenue cycle. Positive payment experiences can help providers get paid faster and more consistently.

We offer a comprehensive solution that helps your practice:

- Increase your payment volume and revenue
- Reduce your accounts receivable, phone payments and the stress and headaches associated with collecting payments
- Avoid falling behind with your patient payments
- Manage and track payments more efficiently
- Deliver positive payment experiences

Today's consumers are used to receiving easy, convenient payment options when they make purchases, so why should healthcare services be any different?

Get up to speed. Give them what they want with Payspan as your partner.
