payspan

We Simplify Healthcare Payments

Electronic Payment Services for Texas Medicaid MCOs

Meet or Exceed the 85% EFT Requirement

Ensure Compliance

Achieve EFT requirements before your contract renews so you can sail through readiness review.

Drive Provider Adoption of EFT

Transition your providers to 90%+ paperless payments with our best practices, guaranteed.

Reduce Administrative Costs

Eliminate costs associated with paper remittances, paper checks and handling provider calls.

Texas Medicaid Becoming More Vigilant with Contract Compliance Requirements

As part of the RFP process, Texas Medicaid will be evaluating health plans to ensure that awarded plans issue no less than 85% of claims payment dollars via EFT. Other Medicaid Managed Care contract requirements include:

- Make EFT available to providers whether claims filed electronically or in hard copy
- Compliance with HIPAA national standards regarding electronic payment and electronic remittance advice
- A plan and timeline submitted by non-compliant plans for meeting requirements and ability to report progress upon HHSC request

Are you ready? Payspan has helped health plans achieve nearly 100% provider electronic payment adoption rates when leveraging our provider enrollment best practices.

90%+ electronic payment adoption rate

91% client satisfaction

77.6 implementation net promotor score

441M claims paid

$90B in transactions

"We have been extremely pleased with the payment automation services delivered by Payspan. By outsourcing our healthcare payments, we were able to reduce staffing and realize economies of scale in our mailroom. We appreciate the true partnership relationship we have developed with Payspan over the years".

Alan Avery
COO, Kern Health Systems
California Medicaid Managed Care Plan
